LIGHT AT FALSE POINT—BAY OF BENGAL. **NOTICE.**

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude $20^{\circ} 19' 25''$ N. and Longitude $86^{\circ} 48' 8''$ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruise during the day off the Point, anchoring during the night in a line East and West, in Latitude $20^{\circ} 42'$ to $20^{\circ} 48'$ N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruise during the day between Sangor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to $21^{\circ} 10'$ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

C. B. GREENLAW, *Secretary.*

FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve; and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

Per Company's Rupee for Advances made at.....	Bengal.
Ditto.....	Ditto.....
Ditto.....	Ditto.....
Ditto.....	Ditto.....
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including

Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

N. B. Parties applying for the above Packages, will be pleased to send Invoices, or Bills, shewing contents and value, and to depute persons to be present at the opening of them at this Office. LIGHT AT FALSE POINT—BAY OF BENGAL.

NOTICE.

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude 20° 19' 25" N. and Longitude 86° 48' 8" E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 ft above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruise during the day off the Point, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance

of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March, the Pilot Vessels cruise during the day between Sangor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to $21^{\circ} 10'$ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

By Order of the Marine Board,

C. B. GREENLAW, Secretary.

**LIGHT AT FALSE POINT—BAY OF BENGAL.
NOTICE.**

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude 20° 19' 25" N. and Longitude 86° 48' 8" E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 ft above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruise during the day off the Point, anchoring during the night in a line East and West, in Latitude 20° 42' to 20° 48' N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance

of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruise during the day between Sengor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to 21° 10' North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

By Order of the Marine Board.

FORT WILLIAM,
GENERAL DEPARTMENT, 26TH JUNE 1832.

ALL Public Officers of Government sending Advertisements to the Calcutta Gazette for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, Secy. to the Govt.

FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

Per Company's Rupee for Advances made at.....	Bengal.
Ditto.....	Ditto.....
Ditto.....	Ditto.....
Ditto.....	Ditto.....
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order: but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including

Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whatsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

LIGHT AT FALSE POINT—BAY OF BENGAL. NOTICE.

REFERRING to the Notice published from this Office under date 19th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude $20^{\circ} 19' 25''$ N. and Longitude $86^{\circ} 48' 5''$ E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 ft above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1838, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilots' Station will be continued as heretofore, off Point Palmyras, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruise during the day off the Point, anchoring during the night in a line East and West, in Latitude $20^{\circ} 42'$ to $20^{\circ} 48'$ N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 18 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyras and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyras, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruise during the day between Saugor Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude 21° to $21^{\circ} 10'$ North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyras Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

FORT WILLIAM,
FINANCIAL DEPARTMENT, 15TH JUNE, 1836.

Notice is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve; and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.	Per Company's Rupee for Advances made at.....	Bengal.
	Ditto.....Ditto.....	Madras.
	Ditto.....Ditto.....	Bombay.
	Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including

Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whatsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

FORT WILLIAM, LEGISLATIVE DEPARTMENT,

THE 4TH SEPTEMBER, 1837.

Resolution—It appears to be on many accounts expedient, that, in a short time, the Governor General should visit the North Western Provinces of the Presidency of Fort William, unattended by any Member of the Council of India.

It is provided by Parliament (Section 70 Act 3 and 4 Wm. 4th Cap. 85,) that, on such occasions "it shall be lawful for the said Governor General in Council, previously to the departure of the said Governor General, to nominate some Member of the Council of India to be President of the said Council, in whom during the absence of the said Governor General from the said Presidency of Fort William in Bengal, the powers of the said Governor General in assemblies of the said Council, shall be reposed."

It is also provided by Parliament that, "it shall be lawful, in every such case for the said Governor General in Council, by a Law or Regulation for that purpose to be made, to authorize the Governor General alone to exercise all or any of the powers which might be exercised by the said Governor General in Council, except the power of making Laws or Regulations."

His Lordship in Council has determined, in the exercise of the powers entrusted to him by Parliament, to pass a Legislative Act conferring all the executive powers of the Supreme Government on the Governor General during his absence. Though now in form, this arrangement is by no means new in substance. On the contrary, it has virtually existed whenever a Governor General has been separated from his Council; and the only novel circumstance is, that what on former occasions was effected by means of an understanding between the Members of the Government, will now, according to the directions of Parliament, be effected by

a Legislative enactment; but the same understanding will yet exist, and the same mutual references be made upon matters of importance as have been hitherto found sufficient to facilitate the cordial co-operation of the two authorities and to ensure harmony and confidence in the transaction of public affairs.

The business of the Legislative Department, during the absence of the Governor General, will be conducted in the manner prescribed by the Act of Parliament.—Drafts of Acts will be promulgated for general information by the authority of the President in Council; but none will be finally passed without the assent of the Governor General signified in writing.

The business of the Supreme Government in other departments, will be conducted according to arrangements to be agreed upon between the Governor General and the President in Council.

The business of the Government of Bengal will, during the absence of the Governor General, be conducted by a Deputy Governor.

The Lieutenant Governor of the N. W. Provinces has, to the great regret of His Lordship in Council, signified his intention to retire in a short time from the Public Service. It appears to His Lordship in Council that to appoint a Lieutenant Governor of those Provinces at a time when the Governor General is actually residing within them, would be to incur large expense without proportionably adding to the efficiency of the administration. His Lordship in Council is satisfied that he shall best conform to the spirit of the existing Acts of Parliament, and best consult the Public interests by taking the N. W. Provinces, after the departure of the Lieutenant Governor, into the immediate charge of the Supreme Government. The Governor General who will hold all the Executive powers of the Supreme Government, will himself, during his residence in those Provinces, perform the functions now performed by the Lieutenant Governor, in communication with the President in Council, in such mode as may be determined upon between the two authorities.

The following Draft of a proposed Act is accordingly published for general information.

ACT No. — of 1837.

It is hereby enacted, that from the day on which it shall be notified by an Order of the Governor General of India in Council published in the Official Gazette, that the said Governor General has quitted his Council for the purpose of proceeding to the N. W. Provinces, till the time at which the said Governor General shall, next after the said notification, rejoin his Council, the said Governor General shall have all the powers of Governor General in Council except the power of making Laws or Regulations.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 14th day of October next.

W. H. MACNAGHTEN,
Secy. to the Govt. of India.

“Reply to letter, dated 22d December, 1836, (No 90)

Submit for the consideration and Orders of the Court copy of a G. O. issued by the Commander in Chief in consequence of the publication in a Calcutta Newspaper of a letter from Colonel Vans Kennedy, of the Bombay Establishment, on the subject of his alleged grievances.

1. We cannot too strongly condemn the conduct of Colonel Kennedy in addressing the Officers of the Army of India, through a Newspaper for the purpose of controverting opinions expressed in General Orders by the Commander in Chief of the Presidency to which he belongs.

2. The want of a due sense of Military subordination which is evinced in this act, is in the highest degree reprehensible and merits our most severe disapprobation. We are only restrained by a consideration for Colonel Kennedy's former services from now visiting him with a more severe mark of our displeasure.

3. You will publish these paras. in General Orders.”

PASSENGERS' BAGGAGE.

CONSIDERABLE misapprehension prevailing as to what articles are comprized in the term "Baggage in use" and so entitled to Free duty—It is hereby declared, that the term applies solely to Wearing Apparel, second hand or in use, Cabin Furniture and trifling Personal Property, all in use and accompanying the Proprietor.

The Tidewater on board each Vessel, after satisfying himself by inspection that Baggage as above defined, has been in use, will pass direct from the Ship.

Fresh Millinery, Saddlery, Musical Instruments, Guns, Pistols, Carriages, Wines, Spirits, Plate, Glass, Crockery, &c. not used, [although for personal use and not brought for sale] are liable to Duty; all packages containing such articles as well as all closed packages whatever the contents may be stated to be, must be sent to the Custom House at the expense of the Proprietor for examination and levy of Duty, unless the Proprietor can produce to the Tidewater a Custom House Permit or Pass-particularly specifying such packages.

Passengers whose Baggage may have been forwarded to the Custom House, are requested to apply in writing to the Collector of Customs at the Custom House for a Permit; such application should contain the number of packages and the contents and value of each.

Personal applications cannot be attended to.
By Order of the Board of Customs, Calcutta Custom House, the 2d December 1836.

Actg. Coll. Govt. Customs.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Ditto.....Ditto.....	Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including

Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. THE 4TH SEPTEMBER, 1837.

Resolution.—It appears to be on many accounts expedient, that, in a short time, the Governor General should visit the North Western Provinces of the Presidency of Fort William, unattended by any Member of the Council of India.

It is provided by Parliament (Section 70 Act 3 and 4 Wm. 4th Cap. 85,) that, on such occasions "it shall be lawful for the said Governor General in Council, previously to the departure of the said Governor General, to nominate some Member of the Council of India to be President of the said Council, in whom during the absence of the said Governor General from the said Presidency of Fort William in Bengal, the powers of the said Governor General in assemblies of the said Council, shall be reposed."

It is also provided by Parliament that, "it shall be lawful, in every such case for the said Governor General in Council, by a Law or Regulation for that purpose to be made, to authorize the Governor General alone to exercise all or any of the powers which might be exercised by the said Governor General in Council, except the power of making Laws or Regulations."

His Lordship in Council has determined, in the exercise of the powers entrusted to him by Parliament, to pass a Legislative Act conferring all the executive powers of the Supreme Government on the Governor General during his absence. Though new in form, this arrangement is by no means new in substance. On the contrary, it has virtually existed whenever a Governor General has been separated from his Council; and the only novel circumstance is, that what on former occasions was effected by means of an understanding between the Members of the Government, will now, according to the directions of Parliament, be effected by a Legislative enactment; but the same understanding will yet exist, and the same mutual references be made upon matters of importance as have been hitherto found sufficient to facilitate the cordial co-operation of the two authorities and to ensure harmony and confidence in the transaction of public affairs.

The business of the Legislative Department, during the absence of the Governor General, will be conducted in the manner prescribed by the Act of Parliament.—Drafts of Acts will be promulgated for general information by the authority of the President in Council; but none will be finally passed without the assent of the Governor General signified in writing.

The business of the Supreme Government in other departments, will be conducted according to arrangements to be agreed upon between the Governor General and the President in Council.

The business of the Government of Bengal will, during the absence of the Governor General, be conducted by a Deputy Governor.

The Lieutenant Governor of the N. W. Provinces has, to the great regret of His Lordship in Council, signified his intention to retire in a short time from the Public Service. It appears to His Lordship in Council that to appoint a Lieutenant Governor of those Provinces at a time when the Governor General is actually residing within them, would be to incur large expense without proportionably adding to the efficiency of the administration. His Lordship in Council is satisfied that he shall best conform to the spirit of the existing Acts of Parliament, and best consult the Public interests by taking the N. W. Provinces, after the departure of the Lieutenant Governor, into the immediate charge of the Supreme Government. The Governor General who will hold all the Executive powers of the Supreme Government, will himself, during his residence in those Provinces, perform the functions now performed by the Lieutenant Governor, in communication with the President in Council, in such mode as may be determined upon between the two authorities.

The following Draft of a proposed Act is accordingly published for general information.

ACT No. — OF 1837.

It is hereby enacted, that from the day on which it shall be notified by an Order of the Governor

General of India in Council published in the Official Gazette that the said Governor General has quitted his Council for the purpose of proceeding to the N. W. Provinces, till the time at which the said Governor General shall, next after the said notification, rejoin his Council, the said Governor General shall have all the powers of Governor General in Council except the power of making Laws or Regulations.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 14th day of October next.

W. H. MACNAGHTEN,
Secy. to the Govt. of India.

**FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 4TH SEPTEMBER, 1837.**

The following Draft of a proposed Act, was read in Council for the first time, on the 4th September 1837:

ACT No. — OF 1837.

It is hereby enacted, that from the — day of — all Aumeens of Police, who have been or may be appointed according to Section XL., Regulation XI. of 1816, of the Madras Code, to act with the Police powers vested in Tuhildars by that Regulation, shall possess all Police powers and Criminal Judicial powers which are vested in Tuhildars within the Territories subject to the Presidency of Fort St. George by any Law or Regulation whatever, and shall be subject to all provisions to which, by any Law or Regulation, Tuhildars are subject, in respect of any of those powers.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 20th day of October 1837.

SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

WEDNESDAY, SEPTEMBER 13, 1837.

FORT WILLIAM, LEGISLATIVE DEPARTMENT.

THE 4TH SEPTEMBER, 1837.

Resolution—It appears to be on many accounts expedient, that, in a short time, the Governor General should visit the North Western Provinces of the Presidency of Fort William, unattended by any Member of the Council of India.

It is provided by Parliament (Section 70 Act 3 and 4 Wm. 4th Cap. 85) that, on such occasions "it shall be lawful for the said Governor General in Council, previously to the departure of the said Governor General, to nominate some Member of the Council of India to be President of the said Council, in whom during the absence of the said Governor General from the said Presidency of Fort William in Bengal, the powers of the said Governor General in assemblies of the said Council, shall be reposed."

It is also provided by Parliament that, "it shall be lawful, in every such case for the said Governor General in Council, by a Law or Regulation for that purpose to be made, to authorize the Governor General alone to exercise all or any of the powers which might be exercised by the said Governor General in Council, except the power of making Laws or Regulations."

His Lordship in Council has determined, in the exercise of the powers entrusted to him by Parliament, to pass a Legislative Act conferring all the executive powers of the Supreme Government on the Governor General during his absence. Though new in form, this arrangement is by no means new in substance. On the contrary, it has virtually existed whenever a Governor General has been separated from his Council; and the only novel circumstance is, that what on former occasions was effected by means of an understanding between the Members of the Government, will now, according to the directions of Parliament, be effected by a Legislative enactment; but the same understanding will yet exist, and the same mutual references be made upon matters of importance as have been hitherto found sufficient to facilitate the cordial co-operation of the two authorities and to ensure harmony and confidence in the transaction of public affairs.

The business of the Legislative Department, during the absence of the Governor General, will be conducted in the manner prescribed by the Act of Parliament.—Drafts of Acts will be promulgated for general information by the authority of the President in Council; but none will be finally passed without the assent of the Governor General signified in writing.

The business of the Supreme Government in other departments, will be conducted according to arrangements to be agreed upon between the Governor General and the President in Council.

The business of the Government of Bengal will, during the absence of the Governor General, be conducted by a Deputy Governor.

The Lieutenant Governor of the N. W. Provinces has, to the great regret of His Lordship in Council, signified his intention to retire in a short time from the Public Service. It appears to His

Lordship in Council that to appoint a Lieutenant Governor of those Provinces at a time when the Governor General is actually residing within them, would be to incur large expense without proportionably adding to the efficiency of the administration. His Lordship in Council is satisfied that he shall best conform to the spirit of the existing Acts of Parliament, and best consult the Public interests by taking the N. W. Provinces, after the departure of the Lieutenant Governor, into the immediate charge of the Supreme Government. The Governor General who will hold all the Executive powers of the Supreme Government, will himself, during his residence in those Provinces, perform the functions now performed by the Lieutenant Governor, in communication with the President in Council, in such mode as may be determined upon between the two authorities.

The following Draft of a proposed Act is accordingly published for general information.

ACT No. — OF 1837.

It is hereby enacted, that from the day on which it shall be notified by an Order of the Governor General of India in Council published in the Official Gazette that the said Governor General has quitted his Council for the purpose of proceeding to the N. W. Provinces, till the time at which the said Governor General shall, next after the said notification, rejoin his Council, the said Governor General shall have all the powers of Governor General in Council except the power of making Laws or Regulations.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 14th day of October next.

W. H. MACNAGHTEN,
Secy. to the Govt. of India.

FORT WILLIAM, LEGISLATIVE DEPARTMENT.

THE 4TH SEPTEMBER, 1837.

The following Draft of a proposed Act, was read in Council for the first time, on the 4th September 1837:

ACT No. — OF 1837.

It is hereby enacted, that from the — day of — all Aumeens of Police, who have been or may be appointed according to Section XL. Regulation XI. of 1816. of the Madras Code, to act with the Police powers vested in Tuhildars by that Regulation, shall possess all Police powers and Criminal Judicial powers which are vested in Tuhildars within the Territories subject to the Presidency of Fort St. George by any Law or Regulation whatever, and shall be subject to all provisions to which, by any Law or Regulation, Tuhildars are subject, in respect of any of those powers.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 20th day of October 1837.

W. H. MACNAGHTEN,
Secy. to the Govt. of India.

**FORT WILLIAM,
LEGISLATIVE DEPARTMENT,**

THE 4TH SEPTEMBER, 1837.

The following Draft of a proposed Act was read in Council for the first time on the 4th September 1837:

Act No. — of 1837.

It is hereby enacted, that so much of Section VII. Reg. X. of 1829, of the Bengal Code, as directs that the Officer to whom the management of the Stamp Duties may be transferred shall be a Covenanted Officer, be repealed.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 24th day of October next.

W. H. MACNAGHTEN,

Secy. to the Govt. of India.

**FORT WILLIAM,
LEGISLATIVE DEPARTMENT,**

THE 4TH SEPTEMBER, 1837.

Resolution.—The attention of His Lordship in Council has lately been called to the Regulations of the Bengal Code, which positively enjoin the use of the Persian language in Judicial and Fiscal Proceedings.

His Lordship in Council is sensible that it would be in the highest degree inexpedient hastily to substitute any other language for that which has during a long course of years, been appropriated to the transaction of public business. He is satisfied that in many parts of the country a sudden and violent change would produce serious public inconvenience, and that it would reduce many old and useful servants of the public to distress such as no humane Government would willingly cause.

At the same time, His Lordship in Council strongly feels it to be just and reasonable that those Judicial and Fiscal Proceedings on which the dearest interest of the Indian people depend, should be conducted in a language which they understand. That this great reform must be gradual, that a considerable time must necessarily elapse before it can be carried into full effect, appears to His Lordship in Council to be an additional reason for commencing it without delay. His Lordship in Council is therefore disposed to empower the Supreme Executive Government of India, and such subordinate authorities as may be thereunto appointed by the Supreme Government, to substitute the Vernacular languages of the country for the Persian in legal proceedings and in proceedings relating to the Revenue.

It is the intention of His Lordship in Council to delegate the powers given by this Act, for the present only to the Governor of Bengal and to the Lieut. Governor of the N. W. Provinces, and he has no doubt that those high authorities will exercise these powers with that caution which is required at the first introduction of extensive changes however salutary in an old and deeply rooted system.

The following Draft of a proposed Act is accordingly published for general information:

Act No. — of 1837.

I. It is hereby enacted, that from the day of it shall be lawful for the Governor General of India in Council, by an Order in Council, to dispense either generally, or within such local limits as may to him seem meet, with any provision of any Regulation of the Bengal Code which enjoins the use of the Persian language in any Judicial proceeding, or in any proceeding relating to the Revenue, and to prescribe the language and character to be used in such proceedings.

II. And it is hereby enacted, that from the said day it shall be lawful for the said Governor General of India in Council, by an Order in Council, to delegate all or any of the powers given to him by this Act, or any part thereof, to any subordinate authority under such restrictions as may to the said Governor General of India in Council seem meet.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 24th day of October next.

W. H. MACNAGHTEN,

Secy. to the Govt. of India.

**FORT WILLIAM.
POLITICAL DEPARTMENT.**

4TH SEPTEMBER, 1837.

Resolution.—The attention of His Lordship in Council has lately been called to the Regulations of the Bengal Code, which positively enjoin the use of the Persian language in Judicial and Fiscal Proceedings.

His Lordship in Council is of opinion that it would be in the highest degree inexpedient hastily to substitute any other language for that which has during a long course of years been appropriated to the transaction of public business. He is satisfied that in many parts of the country a sudden and violent change would produce serious public inconvenience, and that it would reduce many old and useful servants of the public to distress such as no humane Government would willingly cause.

At the same time, His Lordship in Council strongly feels it to be just and reasonable that those Judicial and Fiscal Proceedings on which the dearest interest of the Indian people depend, should be conducted in a language which they understand. That this great reform must be gradual, that a considerable time must necessarily elapse before it can be carried into full effect, appears to His Lordship in Council to be an additional reason for commencing it without delay. His Lordship in Council is therefore disposed to empower the Supreme Executive Government of India, and such subordinate authorities as may be thereunto appointed by the Supreme Government, to substitute the Vernacular languages of the country for the Persian in legal proceedings and in proceedings relating to the Revenue.

It is the intention of His Lordship in Council to delegate the powers given by this Act, for the present only to the Governor of Bengal and to the Lieut. Governor of the N. W. Provinces, and he has no doubt that those high authorities will exercise these powers with that caution which is required at the first introduction of extensive changes however salutary in an old and deeply rooted system.

The following Draft of a proposed Act is accordingly published for general information :

ACT No. — OF 1837.

I. It is hereby enacted, that from the day of it shall be lawful for the Governor General of India in Council, by an Order in Council, to dispense either generally, or within such local limits as may to him seem meet, with any provision of any Regulation of the Bengal Code which enjoins the use of the Persian language in any Judicial proceeding, or in any proceeding relating to the Revenue, and to prescribe the language and character to be used in such proceedings.

II. And it is hereby enacted, that from the said day it shall be lawful for the said Governor General of India in Council, by an Order in Council, to delegate all or any of the powers given to him by this Act, or any part thereof, to any subordinate authority under such restrictions as may to the said Governor General of India in Council seem meet.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 24th day of October next.

W. H. MACNAGHTEN,
Secy. to the Govt. of India.
